

ARCHITECTURE MEETS HIGHTECH-INDUSTRY

We are UNIT4 - a nationally active architectural office based in Stuttgart. As specialists for the planning and implementation of complex building construction of micro-electronics, data or high-tech fabs of the advanced or green facility industries, we need STRENGTHENING for these groundbreaking and exciting projects.

That's why we are looking for you to start immediately at our Stuttgart location as an

DRAFTSMAN (F/M/D) / CIVIL ENGINEER (F/M/D)

As a draftsman, you will bring your in-depth expertise to highly complex industrial projects at the cutting edge of technology.

What you can expect

- Creation of digital plan drawings for design planning, building applications and execution planning
- Measurement of buildings with subsequent digital mapping
- Compilation of building application documents (written and drawn part)
- Drawing up and assisting with bills of quantities and checking construction invoices
- Communication with the technical planning parties
- Control and monitoring of the execution and time schedules on the construction site
- Dispatch of plans and plan documentation

What distinguishes you

- Completed professional training as a draftsman or civil engineer with several years of professional experience (LPH 3-6 HOAI)
- Profound CAD knowledge (ArchiCAD / AutoCAD / Revit)
- AVA knowledge (e.g. Buildup) is desirable
- Flexibility and ability to work independently
- Ability to work in a team
- Social awareness and responsible action

Look forward to

- A diverse range of tasks with freedom to organize your tasks
- Pleasant working atmosphere and modern office space
- Flexible working hours
- Flat hierarchies and a lot of personal responsibility
- Projects at home and abroad
- Varied employee benefits (free drinks, bike leasing, fitness courses, events)

LET'S BUILD THE FUTURE!

Thank you very much for your meaningful application by email to info@unit-4.com
